PRESIDENT'S MESSAGE

Hi Everybody,

I guess it was too much to expect that spring was here in January already! Here in southern Ontario we had an incredible run of mild weather starting just before Christmas through to early February. The snow had all melted and some of the evergreen daylilies were already putting up fans. Even the grass appeared to be greening up! As somebody who drives over 60 km each way to work daily, I do appreciate the mild weather and dry roads. However last weekend that dream came to a sudden halt with about 4" of snow and wind chills getting down to -20C. Thankfully the dormants sensibly stayed underground and I can only hope the snow will insulate those newly developing fans on the evergreen cultivars.

Despite the current weather, spring does not seem to be that far away. Seedlings are up and growing under the lights in the basement and plans for the 10th Annual Can-Am are well underway. You know we have a great line up of speakers this spring! We are busy arranging for auction plants from our speakers and more for the sales table and silent and chinese auction tables.

I'm hoping that many who attended the original Can-Am Daylily Muster will be with us for this anniversary celebration. Before you forget, fill out and mail your registration form today! It is going to be a terrific way to kick off the start to daylily season. I can't wait. See you there!

All the best.

Dave

BACK AT CANADA BLOOMS

The Ontario Daylily Society will again have an outreach, education and information booth at Canada Blooms, The Toronto Flower and Garden Show after a two year hiatus. Blooms' theme this year is "Celebrating 10 Blooming Great Years" (and so are we at this year's Can-Am!). The show takes place at the Metro Toronto Convention Centre from March 8-12, from 10 a.m. to 9 p.m. except Sunday when the hours will be 10 a.m. to 6 p.m.

As usual there is an exciting line-up of speakers and events for gardeners of all stripes and persuasions. ODS's own Jack Kent will be speaking Wednesday at 2:30 p.m. - Daylilies New Varieties and Backyard Hybridizing" and can always be depended on to both interest and inspire. Speakers from A-Z, including Janet Anderson and Paul Zammit will cover not just daylilies, but any topic or concern a gardener may have. Then there are also the display gardens and the ever dangerous marketplace. And that brings us to the real point of this short article: we need volunteers to man (or woman) the booth. If you are interested in volunteering, daily shifts would be 10 am-1:30 pm, 1:30 pm – 5 pm, and 5 pm until closing (9 pm, except Sunday when closing will be 6 pm). Please don't feel you have to be an expert, just a convert to the joys of daylilies. Of course you can do more, but for just one three hour shift you can avoid the high cost of admission and enjoy this exciting gardening event free the rest of the day!

If you can, please contact Faye Collins by email or phone and indicate the day(s) and time(s) you are available and she'll schedule you in.

Faye's number is 905-655-9695 and her email is madgardener23@hotmail.com . Catalogs will be accepted for the table and will be displayed if requested.

Hybridizers' PowerPoint Presentation

On April 21, 2006, during the Friday night portion of the Can-Am Classic /Region 4 Regional Meeting program, there will be a Hybridizers' PowerPoint Presentation.

We are inviting all Region 4 hybridizers to submit up to 5 (five) digital images of the daylilies that they have hybridized, to be included in this PowerPoint presentation. Submissions will be accepted up until April 15, 2006. If you know the pod and pollen parents of the daylilies, please include that information in your e-mail, along with your name, your garden or business name and your location. We would ask that you indicate in the Re line of the e-mail that this is a submission to the Region 4 Hybridizers' PowerPoint Show.

Please submit your digital images to Photos@ontariodaylily.on.ca.

If you have any questions, please contact me.

Chris Austen
Ontario Daylily Society

THANK YOU

I would like to thank all of the members for the gift of a daylily in recognition of the time I have spent on the Executive Committee for the Ontario Daylily Society. It's really nice to know that you are appreciated!

I was told to choose a daylily from the marvellous creations of Bryan Culver. I have chosen to receive JADE PRINCESS and look forward to growing it in my garden.

Although I have stepped down from holding any office in the Ontario Daylily Society, I will continue to assist with various functions. I plan to continue my involvement with the Douglas Lycett Award. Currently, I am also organizing a Hybridizers' PowerPoint Show for the upcoming Can-Am Classic/Region 4 Regional Meeting.

Once again, thank you so much.

Chris Austen

DOUGLAS LYCETT AWARD

During the Can-Am Classic/Regional Meeting that will take place April 21 to 23, 2006 we will be awarding the **2005 Douglas Lycett Award**. As usual, the entries were of high calibre. The entries received lots of votes but one came out on top. Please join us at the Can-Am Classic when we reveal the category winners and the overall winner.

Since many of you are trying your hand at hybridizing, I would like to take this opportunity to remind you of changes that were made to the rules for submitting photos of your hybridizing efforts to this contest. For each category you must submit two pictures of the same plant – one picture of the flower itself and another of the whole plant, that is from the soil to the top, with the flower actually blooming. We will only accept entries for this **2006 Douglas Lycett Award** contest that fit the criteria. If your entry does not fit the criteria, we will, regretfully, have to reject your entry.

So, get your cameras ready. Takes lots of pictures and, when the time comes to submit your entries I will let you know. The entries in the **2006 Douglas Lycett Award** contest will be shown at the fall meeting in September, 2006.

Chris Austen

**DOUGLAS LYCETT
(Munson, 1991)**

A BIG CONGRATULATIONS GOES OUT TO THE FOLLOWING ODS MEMBERS:

Marg Cousens—her garden was one of Canadian Gardening's best gardens in 2005.

Marie Grant— for her picture of PRIMAL SCREAM that the AHS is using on the cover of their membership application pamphlet "Discovering Daylilies".

Kathy Macartney—Ned Roberts has named a daylily in her honour—KATHY MACARTNEY.

Christine Longpre—for winning one of Jack Carpenter's 2006 introductions—PICOTEE RIPPLED RUFFLES. Christine bought an Eureka through the Western North Carolina Daylily Club and her name was put in a draw and she won.

MISSED DONORS

The following donors to our Fall Meeting were omitted: Kathy Macartney, Julie Wilson and Maureen Strong.

First Annual Online Region 4 Auction!
March 25th – April 2nd, 2006
www.daylily.com

Didn't you absolutely love our Region 4 color newsletter? All that color is expensive, so it was decided at the 2005 Fall Regional business meeting that a 2006 spring online auction would be held to help pay for continued

color. **Please consider supporting your Region by donating a daylily (or two!)** You do not have to be a hybridizer or grower to donate! If you have never shipped plants before, we will be happy to advise you. Please donate a daylily and bid on the auctions!

At the end of the auctions, members who pledged plants will be notified as to the name and address of the winner plus the shipping date. Shipping costs are considered part of your donation. The entire amount (plant plus shipping) is considered a charitable donation to Region 4 and is therefore tax deductible

Guidelines for Donating

- Plant value should be near \$40.00
- Send cultivar name, number of fans, year, hybridizer and value to:

Melodye Campbell
585-425-1526

meljim@rochester.rr.com

(Please include Region 4 Auction in the subject line of your e-mail.)

21 Ambleside Drive
Fairport, NY 14450

If you have a digital photo of your donation, please e-mail it to Mel as an attachment.

Guidelines for Bidding

- Log on to www.daylily.com beginning March 25th. Click on the link for the **Lily Auction**
- If you are new to online auctions, read the detailed **Help** instructions on registering and bidding. The **Help** link is at the bottom of the web page.
- To bid or to look at our auction offerings, search for our seller name: **AhsRegion4**
- Auctions will end on April 2nd. Auction winners will receive an e-mail at the close of the auction for payment and shipping information. Winners will send their payments directly to Region 4 immediately after the auction ends. No plants will be shipped until payment has cleared.
- Canadian wins will be brought to the Can Am Classic, April 21-23rd.

"OLDIES BUT GOODIES"

In the last newsletter, I asked our members to send their list of 5 of their favourite "oldies but goodies". These daylilies had to be 10 years or older and here are some of the results:

From Marie Dawson:

H. 'Grandiose', H. 'Open Hearth', H. 'Orchid Corsage', H. 'Frankie's Fantasy', H. 'Violet Hour'

From Karin Jonasson:

H. 'Prague Spring', H. 'Red Rain', H. 'Kindly Light', H. 'Miss Jessie', H. 'Rosy Lights'

From Maureen Srong:

H. 'Red Volunteer', H. 'Orchid Corsage', H. 'Beautiful Edgings', H. 'Mary Todd', H. 'Indian Giver'

From Mary Anne Pearson:

H. 'Andrew Christian', H. 'Country Melody', H. 'Spellbinder', H. 'Neat Business', H. 'Spider Miracle'

From Dave Mussar:

H. 'Strawberry Candy', H. 'Fooled Me', H. 'Cream Drop', H. 'Bill Norris', H. 'Bertie Ferris'

From Kathy Conway:

H. 'Condillia', H. 'Strawberry Candy', H. 'Always Afternoon', H. 'Bayou Bride', H. 'Ice Carnival'

From Faye Collins:

H. 'Buddha', H. 'Revolute', H. 'Kindly Light', H. 'Lilting Lavender', H. 'Dancing Shiva'

From Barbara White:

H. 'Mary's Gold', H. 'Spiritual Corridor', H. 'Fooled Me', H. 'Bill Norris', H. 'Vera Biaglow'

From Diane Crawford:

H. 'Barbara Mitchell', H. 'Custard Candy', H. 'Etched Eyes', H. 'Kabuki Ballet', H. 'Sunday Morning'

From Ron Crawford:

H. 'Devil's Magic', H. 'Kabuki Ballet', H. 'Nijinski', H. 'Platinum Pearl', H. 'When I Dream'

From Julie Wilson:

H. 'Peach Magnolia', H. 'Midnight Magic', H. 'Moonlit Masquerade', H. 'Vera Biaglow', H. 'Big Bird'

BILL NORRIS
(Kirchhoff, D.1993)

FEATURED HYBRIDIZER—GIL STELTER

(Gil was featured in the Region 2/Great Lakes Newsletter and has kindly let me reproduce some of it for our February newsletter.)

Hybridizing for Hardy Spiders and Unusual Forms in the North by Gil Stelter of Gryphon Gardens, Guelph, Ontario

Like many other northern daylily growers and hybridizers, I'm impressed by the spectacular introductions that regularly come out of the South, especially the tetraploid spiders and Unusual Forms

(Ufs) from Florida. Can we produce their equivalents in the North? Many northern hybridizers have already shown that this can be done with full-formed daylilies and northern hybridizers like Bob Schwartz are producing hardy Ufs. My interest is in the possibilities of using the species, and particularly *Hemerocallis fulva*, to incorporate vigor and hardiness into tender tetraploid spiders and Ufs.

I should explain that I am not a plant scientist or even a commercial daylily grower, but a curious backyard hybridizer. My wife Sally and I are both technically retired but are very involved in our professions and can spend only part of our time in the garden. I'm a university professor of history, and I travel abroad, lecturing about cities, which gives me the opportunity of visiting gardens in various parts of the world, including Asia, the original source of daylilies.

We bought our current property of 3/4 of an acre in the fall of 1999. We had looked for a garden that had mature trees and enough space to lay out a chronological arrangement of daylilies. Now, you can follow a twisting path between daylily beds, starting with the species, continue on past the earliest hybrids like H. 'Apricot' (1893), many of Arlow Stout's introductions, the earliest tetraploids, and so on, until you reach the end of the path and the 2005 introductions. What we call Gryphon Gardens has been an AHS Display Garden for about five years.

Any attempt to list one's hybridizing goals probably will leave an impression of more conscious formal planning than was actually the case. First, I began with diploid spiders and unusual form daylilies, and I brought out my first introductions this year. Second, I've been tempted by the tender, orchid-like exotics from Florida, despite their obvious problems in our climate. Third, I've begun a

more extensive program of crossing tender tetraploid spiders and Ufs with whatever hardy material is available. Fourth, I have experimented using *H. fulva* varieties on modern tetraploid spiders and Ufs, which has proven to be difficult but not impossible.

Where do I go from here? I have been making crosses between various *H. fulva* varieties and some of the most recent tetraploid introductions such as *H. 'Velvet Ribbons'*, *H. 'Orchid Waterfall'*, *H. 'Freewheeling'* and *H. 'Spinnaker'*. Also, I've begun back crossing, line breeding, in order to explore the hidden genotypes behind the phenotypes (the physical appearance). I welcome visitors to our garden to help in the future process of evaluation. In my professional life I try to make a distinction between what is merely a novelty and what is actually new (which is a relatively rare thing). I think it is too early to say whether my experimenting with the use of diploid fulvas in tetraploid breeding is just a novelty, or really something new.

POTALA TAPESTRY (Stelter, 2005) (CAROLICOLOSSAL X EGGPLANT ESCAPADE)

Late 42" 10 Dor Diploid
This large, late blooming spider variant suggests the tapestries that hang in the Potala Palace in Lhasa, Tibet. The maroon to reddish purple color is similar to that of the robes of the Palace's monks. The large blooms are well supported by the tall scapes. Three way branching with a bud count of seventeen. Fertile both ways.

RASHOMON GATE (Stelter, 2005) (ORANGUTAN X CHEVRON SPIDER) M 30 6 SE Diploid

The name of this Unusual Form daylily was inspired by the 1950 movie by the great Japanese director, Kurosawa, which gives four different versions of the same event at Kyoto's historic Rashomon Gate. This daylily also presents several versions, making it difficult to say what its normal bloom looks like, for it can be several types of crispate and also a cascade. Its color is dark pink,

with a darker chevron. Vigorous, with 2-3 way branching. Very fertile both ways.

ODS Hybridizers

The Ontario Daylily Society has many hybridizers that are developing daylilies that look great and will grow in Northern Climates. We wish to promote members of the ODS and show that Canada also has great hybridizers.

The ODS Hybridizers' site can be found at http://www.ontariodaylily.on.ca/ods_hybridizers.htm

If you are a member of the Ontario Daylily Society and are a hybridizer who has registered a daylily, please email me at jreist@bluebottle.com

Canadian Daylily Growers

The Ontario Daylily Society is happy to provide a source of Daylily Growers here in Canada. While many of us buy new introductions from south of the border, we don't realize that there are many good quality growers here in Canada that supply good quality plants that will grow in a Northern climate. Several growers are hybridizers with their own registered daylilies and as well provide seeds and seedlings.

The Canadian Daylily Growers site is www.ontariodaylily.on.ca/odsretailers.htm

If you are a Daylily Grower selling Daylilies please jreist@bluebottle.com

ODS Robin

ODS Robin is a closed group for members of the ODS (Ontario Daylily Society). The purpose of our robin is to allow all its members to communicate freely with one another on topics chiefly related to the subject of daylilies.

To join the ODS Robin simply send an email to odsrobin-subscribe@yahoogroups.com

10th Annual CAN-AM Classic a AHS Region 4 Event

Don't forget to register for the 10th Annual CAN AM Classic April 21-23 in Burlington. Come and listen to great hybridizers and speakers, Pat and Grace Stamile, Ludlow Lambertson, Karol Emmerich, Linda Michaels, Gil Stelter and Melanie Mason.

We'll be having a plant sale, Silent Auction, Chinese Auction, Live Auction and lots of fun. Go to <http://www.ontariodaylily.on.ca/can-am06.htm> for more information and to find the registration form.

(Thanks to Chris Austen for submitting this puzzle.)

When trying to think of a theme for this word search puzzle, I decided to use a single word and since we all have a love of daylilies, I chose that as the theme. Needless to say, many cultivars are registered with the word “love” as part of the name, therefore I made two puzzles, and this is the second puzzle.

We LOVE Daylilies (Part II)

Word List:
